A More Thorough Examination...

The Australian Monitor Installation Series AMC+ range of booster amplifiers take the rugged reliability of the famous AMIS range and deliver the same high quality audio reinforcement, in a low cost, 2 rack unit package. The AMC+ booster amplifiers are available in 120 & 250 watts & offer 70 volt, 100 volt or 4 ohm outputs.

The AMC+ series booster amplifiers give the audio contractor a reliable, low cost booster amplifier for applications that are price sensitive but still require high quality commercial sound reinforcement.

Architecture & Engineering Specifications

The Amplifier shall be 2RU & have a balanced XLR line level input with through output. The amplifier will deliver 120/250watts into 100 volt line or 4 ohms, shall have a rear panel volume control & Front panel power switch with LED indication. The amplifier shall be an Australian Monitor AMC+120P, AMC+250P

	AMC+ 120P	AMC+ 250P
POWER OUTPUT (0.5%THD, 1KHZ)	120W	250W
S/N RATIO	>88dB	>88dB
FREQ RESPONSE (-3DB +1DB)	50Hz-20kHz	40Hz-20kHz
THD (1KHZ, -1DB)	Better than 0.5%	Better than 0.5%
